SPONSORSHIP PROSPECTUS

CONSTRUCTING OUR WORLD

18-20 SEPTEMBER 2019

Four Seasons Hotel, Sydney

INTRODUCTION

The 2019 *Constructing Our World* Conference promises to engage and challenge our industry's way of thinking on several key issues facing the building and construction industry now and into the future.

The way in which our industry chooses to evolve and innovate can have significant positive impacts on how we live and relate to our built environment. Therefore, it is our duty to construct a world that is responsible and continues to push the boundaries on innovation and education.

From 18-20 September, The *Constructing Our World* Conference will bring together some of the world's best thought leaders and innovators in the construction and design industries and explore some of the following areas:

- How should we educate and train our builders for the future?
- Are our current systems keeping up with the demands of new technology?
- What might the buildings of the future demand of builders' knowledge and processes?
- What are the politicians planning for our sector and how do the financiers see the future for building in our region?

We invite you to join us in September 2019

The AIB Conference offers an exciting opportunity for sponsors to be involved in and demonstrate their commitment to being at the forefront of industry trends and technological development to key industry decision-makers. You will have the opportunity to:

- Expand your network
- Access targeted audiences
- Increase brand exposure and recognition
- Meet key decision makers/influencers
- Generate new leads
- Position your brand as a thought leader in the industry

This prospectus outlines the various ways your organisation can get involved - whether that be on a large scale or a small scale. Your participation will help contribute to the advancement and development of key innovative projects and practices within our industry.

So what are you waiting for, get in contact today and secure your position at the *Constructing Our World* Conference.

WHAT TO EXPECT IN 2019

An initiative in collaboration with the Australian Institute of Building, the New Zealand Institute of Building and the Singapore Institute of Building Limited, *Constructing Our World* will descend upon one of Australia's most vibrant and bustling cities – Sydney, Australia – from 18-20 September.

Showcasing leading edge technology, construction innovation and best practice methods, the Conference aims to give attendees the opportunity to collaboratively share ideas with colleagues from around the globe.

The Conference presents an exciting opportunity for sponsors to get involved with industry, government, academia and students (who will become our future industry leaders) in a way that has the potential to transform our industry and ultimately improve our built environment.

Hosted across three days, delegates and sponsors will have access to a range of networking and educational opportunities.

Aimed at fostering innovation and setting the path for new global trends, the Plenary and concurrent sessions will be led by experts from around the world.

Who will attend?

- Construction Managers
- Project Managers
- Site Managers
- Contracts Managers
- Builders
- Property developers

WHO IS THE AUSTRALIAN INSTITUTE OF BUILDING?

The Australian Institute of Building (AIB) is the professional body for the building and construction professional. Founded in 1951, the AIB's primary purpose is to promote building as a career choice and a true profession. It is the only Australian-based professional institute for building professionals.

A key role of the AIB is to support building professionals understand changes to the commercial, technical and regulatory environment. This is accomplished via an extensive range of continuing professional development events and activities, as well as online and through the Construct Magazine publication.

The AIB supports the professionalism of managers within building and construction firms. In this, the AIB works with leading universities, TAFE colleges and other training providers to ensure that managers within the building and construction industry have access to quality training.
